Comments on Statement of Reasons for Allowance

Sir:

The Examiner's statement regarding allowable subject matter indicates a general paraphrasing of claim language, and not necessarily the exact claim language. Furthermore, Applicants respectfully submit that while the specific features and relationships mentioned in the

statement are not disclosed or suggested in the prior art, these are not the only recited features and relationships which are not found in the prior art. Also, it should be understood that allowed subject matter is only limited by the language stated in the claims. Thus any remarks in the statement which limits the recited subject matter should be disregarded.

Respectfully submitted,
